

THE ONE AND ONLY

PRETZEL BAKING OVEN SERIES LN

Model LN-1

PRETZEL QUICK AND EASY
AT ANY TIME OF THE YEAR

Model LN-0

FULLY AUTOMATED OPERATION

Childishly simple handling. Just put the frozen dough pieces out of the freezer and on the net belt of the oven. Then the pretzel will be defrosted, salted, baked crispy brown, carried out into a collecting basket and kept warm - all this fully automatic. In this way a warm pretzel is part of your choice at all times of the day.

WIDE RANGE OF USAGE

Model BBS-2

No matter if in bakeries, in supermarkets, in shopping malls, at railway stations, in hotels in pubs or during event catering, the Bake Off-Station is a centre of attraction.

ALL-ROUND ENTERTAINER

The flavour of freshly baked pretzels attract customers. An optional sight glass at the rear of the Pretzel Baking Oven is a second opportunity to entertain and attract customers.

NOT ONLY PRETZEL

No matter if pretzel roll or pretzel stick, salted or unsalted, different kinds of lye pastry can be used. For unsalted pastries the Pretzel Baking Oven can be equipped with a salt spreader switch-off feature.

EASE OF USE

The control panel buttons are neatly arranged. The desired baking time can be adjusted by two arrow keys which control the speed of the net belt. The requested baking temperature can be set up by two heating levels.

MODELS AVAILABLE

Pretzel Baking Oven
Type LN

Underframe with
Freezer cabinet
Type UGS

Underframe with
Freezer coffer
Type UGT

Show-Baking-Station
Type BBS
